

Rainbow Week

To celebrate the end of Rainbow Week and the beginning of Anti-Bullying Week on **Friday 9th November** children can come **dressed in rainbow colours.**

Children can choose whatever colour they wish, it may be one colour or a whole rainbow of colours. This day to celebrate how unique and special we are and reinforce the message of this term's curriculum....there is only one you and that life would be boring if we were all the same!

When I see you through my eyes,
I think that we are different.

When I see you through my heart,
I know we are the same.
~Doe Zantamata

There is no music if there is only one note. There can't be a rainbow if there is only one color. The world will be dead boring if we are all the same.
